

THIS LETTER WAS SENT IN THE FORM OF AN EMAIL SOON AFTER THE WRITER HAD RECEIVED A REFLEXOLOGY TREATMENT FROM ONE OF OUR MANY EXPERIENCED, PROFESSIONAL AND CARING THERAPISTS.

Good morning Alana;

Wow, what a treatment you gave me. My intestinal situation has calmed right down. I feel pretty "rubbery" today but I realized I did 80 minutes on the lipticol yesterday plus 40 minutes at Curves then had your wonderful treatment. So this morning I am resting before going to work.

I had a splitting sinus headache at 4am but I assume that may be part of my Body detoxing. I also woke up to "yuk" coming out of the corners of my eyes but after 15 minutes it stopped.

All I know is my whole insides feel so calm after 3 weeks of torture.

You, Alana, are an absolute inspiration. I believe I have found an awesome mentor in you and I will continue to strive to try to be like you in this field. Thank you!

Greatfully,

Terry
